Endowed Scholarships

The following are the endowed funds at Wofford College from which annual scholarships are awarded. The funds are part of the college’s permanent endowment. Awards are made annually from interest earned by the endowment.

The college offers two opportunities to establish an endowed scholarship:

- A minimum of $50,000, payable over five years, establishes a named, permanently endowed scholarship.
- A commitment of $25,000, payable over five years, coupled with a documented estate/insurance plan for an additional $100,000, establishes a named, permanently endowed scholarship. This option offers the donor the opportunity to establish the scholarship with a lower initial gift when it is combined with a generous planned gift.

Each of the funds requires that scholarship recipients demonstrate outstanding character, academic achievement, and potential for contribution to society; some have additional requirements for eligibility. Any such conditions are noted below in the descriptions of the individual funds.

Wofford expects to remain in the top quartile of undergraduate liberal arts colleges in the nation, but the college must have the resources to attract and retain outstanding faculty by offering competitive financial and academic incentives.
