1. How much time did you spend on your project each week?

2. If applicable, in what way was the practical component of your internship meaningful to your interim project? Was it what you expected? Did your sponsor make your duties clear to you before you started?

3. If applicable, were you closely supervised on site by your off-campus sponsor? What was your working relationship with him/her?

4. How much support did you need from your faculty sponsor? Do you feel like you received what you needed?

5. Did the project meet your expectations? Did you accomplish your goals for the project?

6. If you were to do this project over again, what would you do differently?
