Wofford parents,

We hope this spring break week brings whatever your student needs, whether that be time to relax, fun with friends or a week to give back through volunteer work. Things are moving along on campus as we are already gearing up for Commencement weekend, Panthers Training Camp this summer and even Homecoming and Family Weekend to come in the fall.

Below you'll find information about the latest happenings at the college, the different opportunities available to your Terrier through the Wofford Activities Council and information from The Space. As always, we welcome your thoughts, feedback and questions. Please let me know if there is anything I can do for you.
