WOFFORD GRADS?
Wofford College Class of 2017 First-Destination Survey

CAREER OUTCOMES RATE

89%
employed, interning or in graduate school
4%
military or volunteer service
7%
other*

* Taking additional courses or a gap year, seeking employment or planning to continue their education.

The Career Outcomes Rate is calculated from the percentage of students who are engaged in a structured approach to developing a career path after graduation. The National Association of Colleges and Employers breaks the outcomes into 10 categories. Wofford’s rate is 14% higher than the national average.
