DEAR DONORS,

Your support of The Wofford Fund continues Wofford’s forward momentum and builds on the college’s strength as a nationally ranked liberal arts college. The following report shares some of the results of your generosity.

To further your impact, please mark your calendar for Nov. 15, 2019, a 24-hour giving period when Terriers from around the globe will unite to change lives that will one day change the world. A Day FOR Wofford creates transformational experiences for current and future Terriers. Each gift makes a profound and lasting impact! You’ll have the chance to give to the area you’re passionate about and take advantage of matching funds and challenges throughout the day to multiply the power of your support. Watch your inboxes and mailboxes for more information about how to give and share the love on social media on A Day for Wofford!

In gratitude,

Amanda Richardson ’08
Director of Annual Giving

THE WOFFORD FUND IMPACT HIGHLIGHT: LIBRARY AND TECHNOLOGY

The first recommendation of Wofford’s Strategic Vision is to educate superior undergraduates for rich, productive lives. To support this recommendation, plans were made to transform the Sandor Teszler Library into an academic commons. This space will serve as a connecting point for student scholarship, learning resources and cutting-edge educational technology. The library just reopened after phase one of a major renovation project that includes all new technology and collaborative workspaces. Phases two and three will be completed over the course of the year.
