The following syllabus statement has been developed by the Accessibility Services Office. Faculty can modify but are encouraged to keep key points within any modification.

**Access and Accommodations:**
It is the policy and practice of Wofford College to create an inclusive and accessible learning environment. This course is intended for all students, including those with mental or physical disabilities, illness, injuries, impairments, or any other condition that tends to negatively affect one’s equal access to education.

If you have not yet established services through Accessibility Services, but have a temporary health condition or permanent disability that keeps you from fully accessing the space, content, and experience of this course, you are welcome (but not required) to contact Accessibility Services at accessibilityservices@wofford.edu or visit https://www.wofford.edu/student-experiences/wellness-center/accessibility.

If you have already established accommodations with Accessibility Services, please communicate your approved accommodations to me at your earliest convenience so we can discuss your needs in this course.
