2021 Match Day

Finally, our mentors and scholars were able to put a face to a name on our 2021 Match Day. Contact information was exchanged and new relationships were formed.

RECAP OF SEMINAR SATURDAYS

September 2021

We kicked off the 2021 iCAN Spartanburg program by recruiting a large number of mentors for our Citizen Scholars Institute students. Our mentors completed training and prepared to make an impact on their respective students.

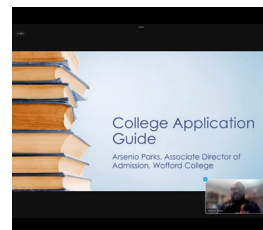

October 2021

During Seminar Saturday, Dr. James Stukes, assistant dean of student success and college access, and the mentors guided the scholars through the three primary factors that go into finding the right fit when searching for a college. The dialogue between mentors and students regarding education post-high school was productive.

Our citizen scholars attended Wofford's senior day football game with some of the iCAN mentors. Relationships were strengthened at this fun event.

November 2021

Arsenio Parks, associate director of admissions and diversity recruitment and initiatives coordinator, virtually presented some introductory information on the college application and admissions process. Many of the scholars have a clear idea of the academic majors and careers they would like to pursue.

GET IN TOUCH
