SPECIAL EVENTS

Interest Fair
Wofford’s interest fair was held in September and served as a great time to recruit new mentors for the spring.

FAFSA Completion Night
Carolyn Sparks and Julie Sturgill assisted scholars and their families in completing the FAFSA application. This is a huge box to check on the path to college entry.

RECAP OF SEMINAR SATURDAYS

September 2022
We kicked off the college application season, and the Citizen Scholars were able to work on the Common Application, update essay responses and get answers to general application questions. College fair materials also were distributed to the scholars to assist them in finding the right college. Using #WhyApply, students displayed their reasons for applying and attending college after high school.

October 2022
Candice Dennis from Shaping Futures Consulting presented valuable information on the college application process and scholarships. She also provided planning tools for the students to use in their college entry processes.

November 2022
The Citizen Scholars spent the day at Wofford College touring campus, discussing college entry plans and participating in an informal dining etiquette session.
